Data Sheet

- Peach Pit: DICOM Net
- Target: User, Provider
- Supported Platforms: Windows, Linux, OS X

Digital Image and Communications in Medical (DICOM) is a data and communication format based on formerly the NEMA medical industry standard. It is commonly used for medical images in a large variety of medical equipment. For file-specific fuzzing, refer to the DICOM File pit.

DICOM networks consist of Service Class Users (SCUs) and Service Class Providers (SCPs). DICOM data are commonly served by SCPs to SCUs, and support queries and transfer requests.

Specifications

Specification	Title DICOM PS3.8 2016a	Network Communication Support for Message Exchange DICOM PS3.7 2016a	Message Exchange
----------------------	--	---	-------------------------

Use Cases

Supported Services	Specification
A-ASSOCIATE-RQ	DICOM PS3.8 2016a
A-ASSOCIATE-AC	DICOM PS3.8 2016a
A-ASSOCIATE-RJ	DICOM PS3.8 2016a
P-DATA-TF	DICOM PS3.8 2016a
A-RELEASE-RQ	DICOM PS3.8 2016a
A-RELEASE-RP	DICOM PS3.8 2016a
A-ABORT	DICOM PS3.8 2016a
C-ECHO	DICOM PS3.7 2016a
C-STORE	DICOM PS3.7 2016a
C-FIND	DICOM PS3.7 2016a
